A therapeutic relationship differs from a social relationship in that it is health focused and patient centered with defined boundaries. Peplau (1991) described the nurseâ€™s focused interest in the patient as â€œprofessional closeness.â€• Communication is the cornerstone of the nurseâ€™-patient relationship. The focus of communication in the nurseâ€™-patient relationship is the patientâ€™s ...

The Nurseâ€™ Patient Relationship - Jones & Bartlett Learning

The (nursing) profession taught me so many lessons about the fragility of life, the importance of being mindful about the way you live, the need for appreciation of life's beauty and bounty while you are still healthy, and perhaps, most importantly, the worth of â€œ unconditional positive regard,â€• which is the way we were taught to approach ...

A Relationship-Based Approach to Early Intervention By Larry Edelman, MS From time to time, new terms are introduced that describe important aspects of providing early intervention supports and services to young children with developmental delays and disabilities and their families. Concepts such as natural environments and primary service provider have added new meaning to our work. Recently ...

A Relationship-Based Approach to Early Intervention

The concept of unconditional care allows, for the first time, a safe space for youth to reconstruct their perceptions of themselves and those who care for them. Rich case examples, quick-reference bullets and boxes, and sample assessment and planning worksheets make this a handy clinical reference and training tool for mental health and child welfare professionals.
